Who do you trust with your life?

Your business life?

Your creative life?

Who do you trust with all the important things you store on your computer?

When it matters most, people store it on a SyQuest cartridge.

Award-winning SyQuest is the single most recommended and reliable storage brand in the industry. Fast enough to get your files when and where you need them, and inexpensive enough to make SyQuest the price-performance leader.

The things you care about deserve to be stored on a SyQuest...

Because it's not just your stuff. It's your life.
